

*....more than just
the sum of its parts*

**Who we are
What we do
Why we do it**

Who we are

- * A gathering of Christian enthusiasts
- * People who believe God makes a difference
- * Some of us represent our Church, a Chaplaincy a Local Ecumenical project or a local Churches Together grouping
- * A mix of Clergy and lay people

What we do

- * Get informed on local, national and international issues and raise these in our Churches to promote action/support
- * Get involved with campaigns for justice
- * Organise a Christian radio station every 2 years
- * Support local initiatives both with finance and people hours
- * Work with Swindon Borough Council
- * Pray
- * Talk to each other
- * Meet with our MPs and Council leader
- * Send out a weekly emailed 'what's on' guide

Why we do it

- * Because working together isn't an option - it's a necessity
- * Because when unchurched people see the Churches working together it surprises them
- * Because together we can meet challenges
- * Because Jesus commands us to love one another
- * Because we think it's VERY important
- * Because we are a small part of a much wider Church body across the Globe seeking to make a difference in people's lives
- * Because sometimes we just couldn't do separately what we can achieve collectively.

Some people kindly completed a survey about SCT. The main thrust of the comments was about communication and, in some instances, there was a lack of understanding about what SCT is and what it tries to do. We hope this clarifies things and will encourage people as Church's representatives and as individuals to join us and provide a greater, strong base from which to show the Kingdom here on earth, here and now, in Swindon Borough.

Why we need you

- * You have specific gifts
- * You will help spread the Good News
- * You are important to us
- * You can help others catch the vision
- * God loves us and together we can help God's people unite for His kingdom
- * You can tell us what's happening where you are

What you can do now

- * Join us at our next meeting - dates on website
- * Make sure your Church knows about SCT
- * Get involved with our next big project Flame FM, community radio with a Christian flavour.
- * Be part of our proposed work with Swindon Borough Council helping our communities
- * email us to sign up to receive the weekly mailings
